Hungry for substantial spirituality?

Join us this September 23rd-25th, to learn about the rich Christian faith of the post-Reformation period, and discover how our profound theological roots can have practical bearing for today.

Dr. Carl Trueman (Prof. Westminster Theological Seminary) and **Rev. Daniel R. Hyde**, author of "Welcome to a Reformed Church", share biblical teaching and insights for those seeking deliverance from the shallow gimmicks that trademark so much of modern religion, offering instead the wealth of a life centered in the Triune God and His worship.
